WHAT IF I HAVE MULTIPLE AGE GROUPS ATTENDING?

Children at the party will receive age appropriate wristbands in order to access different aged attractions within the centre.

Children will be able to play together, in certain areas of the centre, dependant on their ages. Full descriptions, and age, height and weight restrictions, can be found on our webpage.

WHAT IF I GO OVER THE 16 CHILD LIMIT IN A PARTY ROOM?

It is important to make sure that your initial party booking has accommodated for the number of guests you are inviting to the party. Our party packages are priced for the first 10 guests, however, for additional costs, party rooms can fit up to 16 guests.

- We cannot guarantee the ability to add extra guests after you have made your initial booking.
- Our party bookings sell out weeks in advance and we may not be able to provide an adjoining room or space for additional guests.

If you have more than 16 guests, you will need to purchase two party packages to secure two rooms. A total of 32 guests can be invited for two party rooms.

GENERAL ADMISSION FOR SIBLINGS ARRIVING ON THE DAY (NOT A PARTY PARTICIPANT):

Please ensure that parents of your party guests are aware that they need to pre-book tickets online for siblings not invited to your party. It possible our capacity could sell out in advance and walk ins are not often able to be accommodated on busy party weekends.

- Turning up without a ticket may lead to long check in lines - and this is only if we have the capacity to accept walk-ins on the day. Turning up on the party day might lead to disappointment for your guests.
- Siblings of party guests may purchase meals from the cafe on the day and utilise the seating outside the party room with their parent/guardian.

You as the party parent will not need to include these guests in your personal party booking, as they fall under general admission ticketing and are under their parent/guardian's name.

Parents who are just supervising their child will have complimentary entrance into Area 51.
